Opening Remark.....Page 2

Important Club Announcement.....Page 3

Meeting is Tuesday the 13th of September at the Pierson Center. It is model of the month, so everyone bring a model no matter what.

September Morning

Gentleman,

I apologize for sending out a very brief and abridged newsletter this month. There are things in my life that require more time and attention at the current moment that have reduced the time I can spend putting out my favorite publication. I plan on getting a nice issue put together for October that focuses on our show and a few other items.

Since the show was mentioned by someone, I will say that we are a go for the show on October 1st. All the plans appear to be coming together and I think we will do very well with both attendance and vendor participation. We have sold out all of our vendor tables and we have received some very good raffle prizes. The show will need any and all help we can receive from club members. The planning committee has done their level best to reduce the amount of club time spent talking about the show and bringing the show up. It was not our intention to have this become a focal point of our club and I do think we have kept that to a minimum.

We will make a few announcements at tonight's meeting regarding the show but other than that we will have our regular meeting. Tonight is contest night and we would like all members to bring a model in. We will have the regular model of the month contest but we will also be doing a mock registration tonight. That is why we need everyone to bring in a model and we can have everyone fill out a form and register their model like a regular show. This way we can see if our system works out as planned or if we need to tweak it any. ***SO again, please bring in a completed model kit, even if you are not participating in the model of the month contest, so that we can have a Mock Registration.***

If anyone has any questions please feel free to call or text me anytime during the day today.

Ian

Important message to all club members – Please Read

All Club members. We are having a Mock registration, for our upcoming contest in October, this Tuesday September 13th. It will be in conjunction with the Model of The Month Contest. That way everyone will be able to take part in the Registration Process and we can see what we need to do to make it run smoothly on the day of the event. We ask that each member bring a model to use as a registration example whether you are entering the model of the month contest or not. So if you are reading this, bring in a model so we can use it that night for registration purposes. If you are entering the model of the month contest you will still be able to participate.

Again, (In a louder voice), everyone needs to bring in a model, just like you were entering a real life model contest, so that we can have a mock registration at the meeting on Tuesday the 13th.

That is all. Go back to your homes and resume daily activities.
